4-00 P.M.

SRI K. PUTTASWAMY.—I have a doubt. According to the resolution it is stated that they have to undergo a simple imprisonment till the House is prorogued. We are again meeting on 15th. I don't know what is the programme of the House. Powers of proroguing is in the hands of the Governor on the recommendation of the Government. I don't know whether it is the intention of the August House not to allow those persons who are all youngsters. I don't know whether they knew what they were doing. Therefore, I just request the House to kindly consider whether the resolution should go as it is. I request the Leaders to put up their heads and fix it up.

SRI K. H. RANGANATH.—I would rather feel that it is not just throwing leaflets but they have also shouted against the Speaker who is the custodian of the House making allegations. Therefore, I have taken into consideration the seriousness of the thing and I have

consciously moved this resolution. I hope the House would accept this resolution as it is. Any time, the House were to feel it to be changed or modified, it can do so and take a decision after a proper motion being brought. At the moment I would request all the Hon'ble Members that the resolution as brought before the House be accepted.

**SRI H. M. CHANNABASAPPA.**—I would like to submit one thing. I agree with the Leader of the Opposition that it is a grave offence. According to the Rules, it provides for a limited period. The House can commit to custody for a limited portion of the session of the House. If we say 'session' that means, till it is prorogued. I hope you will all agree for this.

**MR. CHAIRMAN.**—Now I will put the Motion to the vote of the House. The question is.

“That this House resolves that the persons calling themselves.
